Attention: Jichi Gu

Dear InHand Networks, Inc.:

We have reviewed the test report(s) and related documents for Innovation, Science and Economic Development (ISED) Canada certification approval. We are pleased to advise this device meets applicable standard requirements for certification. ISED Canada has been notified.

All aspects of this certification must be fulfilled without changes or modifications. Any changes must be processed through a permissive change application. The ISED Canada certification number, HVIN (Hardware Version Identification Number), and any other required information as approved for this certification is to be included on each equipment version. This certification identification information must be shown on the equipment HVIN identification plate or on a separate label that shall be indelible and tamper proof. The ISED Canada certification number shall be prefixed with the letters “IC:”. Radio equipment is certified as described on the attached certification certificate. If ISED Canada approved a labelling exception for your equipment the labelling conditions ISED Canada approved may not deviate from such approval.

Certificate(s) are attached for the following HVIN(s):
IR602

Please feel free to contact us if you have any questions or comments.

Sincerely,

IIA Lab Services, LLC

This certificate is considered valid based on the following conditions: Ce certificat est considéré valide sur la base des conditions suivantes:

- The certified products must continue to comply with the latest issue of all applicable ISED standards
- This certificate does not constitute a radio licence, where required by the applicable ISED standard(s), a radio license must be obtained from an ISED regional office prior to product operation
- The certified products shall not be manufactured, imported, distributed, leased, offered for sale, or sold unless the product certification information is listed on ISED's Radio Equipment List (REL)
- For ISED and/or CB audit purposes, sample of certified product shall be made available to ISED and/or CB

I hereby attest that the subject equipment was tested and found to be in compliance with the noted specification.

- Les produits certifiés doivent continuer à être conformes à la dernière version de toutes les normes d'ISDE applicables.
- Ce certificat ne constitue pas une licence radio. Si une licence radio est requise selon la ou les normes d'ISDE applicables, la licence radio doit être obtenue auprès du bureau régional d'ISDE avant l'exploitation du produit.
- Les produits certifiés ne doivent pas être fabriqués, importés, distribués, loués, mis en vente ou vendus à moins que les informations relatives à la certification du produit figurent dans la Nomenclature du matériel radio (NMR) d'ISDE.
- À des fins d'audit de la part d'ISDE et/ou de l'OC, des échantillons de produits certifiés doivent être mis à la disposition d'ISDE et/ou de l'OC.

J'atteste, par la présente, que le matériel a fait l'objet d'essai et a été jugé conforme à la spécification indiquée.
